

First Class Minds PRESCHOOL

Photograph Permission

Dear Parents,

First Class Minds Preschool has a corporate Facebook page where we often share pictures of your child interacting in fun activities throughout the day. Please understand this is a public page.

By signing below, you are allowing the center to post your child's photo on our corporate Facebook page and/or webpage. Keep in mind we would never use names or any other personal information. These photos will only be used to show the cute, fun, and real time action that is taking place within our center. We have so many adorable faces how can we resist?

For more details please see Ashley/Elena. If you are in agreement with your child's picture being taken and posted please fill out the form below.

Thank You!

Permission to Photograph my Child
